

I welcome you to look around my studio to see me at the creative process.

Born near the shores of Lake Michigan I have traveled and painted the Great Lakes Region, the Smoky Mountains, the back roads of Georgia, and the red rocks of Arizona. My philosophy for Art:

"I paint what I love and the beat goes on".

My work is Traditional in the style of Established Oil Painters. My major subjects are; Landscapes, minors are Still Life's and Portraits.

Mostly Self Taught, each Painting evolves through Plien Air concept sketches in anyone of a variety of mediums.

The end result is finalized in my Studio, posted to my website and consigned for Gallery Presentations.
